

Next-generation VSFF (Very Small Form Factor) MDC/MMC Connector

3x Cabling Port Density over Duplex LC/MPO Connectors.

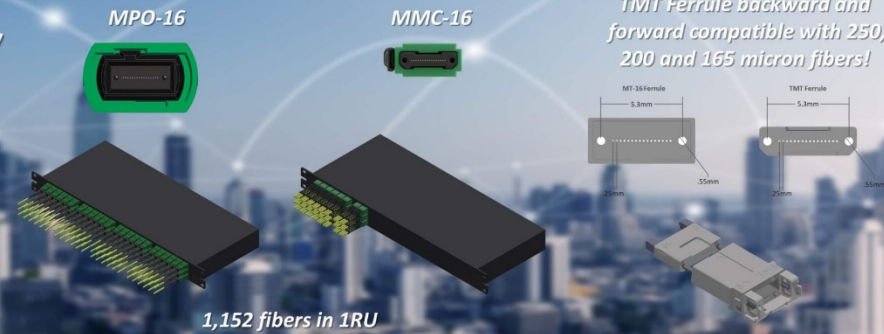

MDC Connector Solutions

Duplex optical connector solutions with proven 1.25mm ferrule technology and 3x fiber cabling density over duplex LC connectors.

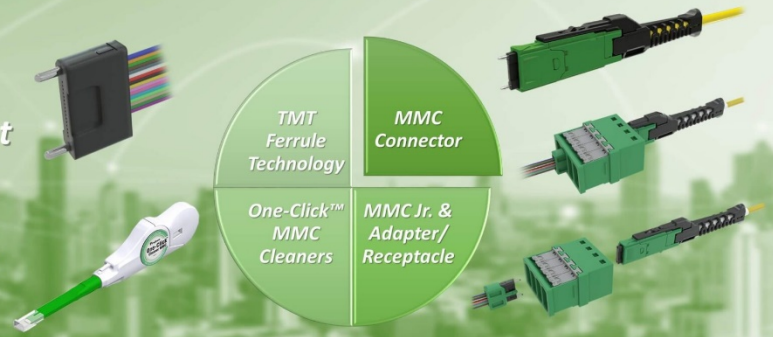

MMC Connector

3x cabling port density with backward and forward compatibility over the MPO format.

MMC Connector Solutions

Multi-fiber optical connector solutions with proven MT-16 mechanical and fiber alignment structure and 3x cabling port density with backward and forward compatibility over the MPO format.
